

Company Focus/Selected Events where discounts available	UK Pitching Day	Informa Biotech Week Boston BPI Conference	RESI Boston	World Medical Innovation Forum	Networking Opportunities (various)
Date/s	24 Sept	23-26 Sept	25 Sept (in-person 26-27 Sep – Virtual 1-2-1s	23-25 Sept	23-26 Sept
Event Headline Description	Event to showcase UK excellence to Pharma, investors and potential NEDs	Biotech Week Boston, delivered by Informa, is a series of co-located events designed to connect scientists, technologists and vendors across the whole spectrum of biopharmaceutical development and production	Reimagining Early-Stage Investment (RESI) connects start-ups, early-stage investors and strategic channel partners. RESI is cross-border and cross-domain focussing on Drugs, Devices, Diagnostics and Digital Health	The World Medical Innovation Forum is where healthcare innovation and investment intersect. Meet with top CEOs, investors, Harvard clinical leaders, and government officials against the backdrop of the latest biotech breakthroughs in medicine.	There are a multitude of events ranging from those around the events listed, to venture Café, Awards Dinner and many more taking advantage of the annual gathering of leaders in the city. Note other conferences happen also such as the Boston MEDevice event – worth researching
