

# People Pathways | August

Monthly Round-up from One Nucleus for  
the Life Science Community

## Welcome to August's People Pathways Newsletter

Inside this month's newsletter you will find highlights of events and upcoming training, career opportunities, Learning & Development insights, member appointments, mentoring and more.

## Learning & Development Opportunities

When you invest in your employee's personal development, this will increase motivation and engagement. Engaged employees will help improve overall performance for your business.

These popular courses provide a one-stop-shop overview of the Drug Discovery and Drug Development processes. Click the images below for more information and how to register.

## An Essential Skill for Life Sciences - Guest blog by Simon Maguire

Did you know that cats can communicate with up to 21 different vocalisations? Meet our local cat friend Mally in the image to the right who always comes to say hello to us on Babraham Research Campus. Learn how to improve your communication and leadership skills by reading this short blog by Simon Maguire. You'll be guided to better self-awareness, self-management and relationship management, me-wow! [Read More...](#)
