Training Courses

8-9 June, 09.00-11.00 and 14.00-16.00 both days | Online Introduction to Drug Discovery: From Idea to Clinical Candidate (two day course) | One Nucleus Member Discount Available | This course is a "one-stop-shop" outlining the major scientific tools of drug discovery. The focus is on small molecule drugs with comparisons made with biologics.

14 June, 09.00-17.00 | In-Person: Introduction to Contracts | Free to attend | This training course is provided by Marks & Clerk and will cover basic contract law issues, different types of contracts for life science companies and practical points. Anyone involved in negotiating and managing contracts in a life sciences firm or university tech transfer office is encouraged to attend.

21-22 June, 09.00-18.00 | In-Person: Biological Safety: Management and Practice (IOSH Approved) 2 day course | One Nucleus Member Discount Available | This course will improve knowledge of Biosafety and consequently develop the competency and confidence to perform in the role of Biological Safety Officer more effectively. It is aimed at those fairly new to the role and mostly focuses on work at ACDP containment levels 1 and 2 and work with GMOs. However, experienced BSO's will also benefit from the course.

If you would like to register for any of the courses above, follow the link [here](#) and select the relevant course in the list.

External Events

17 May, 08.00-17.00 | In-Person and Online: Bio Integrates 2022 | One Nucleus Members receive complimentary registration | May 2022 sees Bio Integrates return to the Leonardo Royal London Tower Bridge Hotel. Focused on the biotech, start-up and emerging pharma sector and addressing the needs of innovative companies that develop therapies of

tomorrow. **One Nucleus Members receive complimentary registration, please contact info@onenucleus.com for a code.**

18 May, 17.30-20.00 | In-Person and Online: Cambridge New Therapeutics Forum | Free to Attend | Hosted by The Babraham Institute, Babraham Research Campus, Cambridge.
