

Roundtable Breakfast - The Future of Skills for Life Sciences in Cambridgeshire

Good morning,

We are delighted to invite you to attend our upcoming roundtable breakfast in collaboration with Cambridgeshire Chambers of Commerce.

The aim of this event is to bring together industry leaders, educators and professionals to discuss the future skills needs of the life sciences sector and how the demand can be met.

As the industry continues to evolve, both One Nucleus and the Chamber recognize the need for a strong skills plan to support future growth and inclusive development. This discussion will explore any current skills gaps and brainstorm actionable strategies to address them.

Date: Tuesday 21 January 2025

Time: 07.45-10.00 GMT

Location: Kings Hedges Room, The Cambridge Building, Babraham Research Campus, CB22 3AT
