

How to find One Nucleus

Please note, when using sat nav or Google Maps, search for Granta Park (Great Abington, Cambridge CB21 6GP) and then follow the map below. The One Nucleus address does not show correct location on sat nav.

DIRECTIONS ON THE PARK

As you enter Granta Park, please ensure you are in the right hand lane. Inform security that you are here to visit One Nucleus. Turn right at the roundabout and follow the road, turn left at the first building, 'The Portway'. Parking is in front of the building.

BY CAR

From the west and north

Join the M11 southbound from A428 (Bedford), A603 (Sandy) or A14 (Peterborough) and leave at Junction 10, turning left to the A505.

From the east

From the A14 take the A11. Leave at the Haverhill junction.

From the south via the A1 (West London)

Leave the A1 at Baldock and take the A505 eastbound towards Royston.

From the south via the M11 (East London)

Leave M11 at Junction 9 and take the A11. Take the A1307 slip road to Haverhill and turn right at the roundabout.

BY BUS

Granta Park is accessible using the 13 or 13A bus route between Cambridge Drummer Street bus station and Haverhill – the full time table is available [here](#). Please note the X13 is direct and does not stop in the village. The bus stop nearest to Cambridge railway station is the Botanic Gardens, Hills Road.

The bus stop in Great Abington is near the primary school with Granta Park a further 20 minutes' walk ([see route](#)). It is important to let your host know that you will be coming this way as you will need to pass through a security gate – [please confirm the gate code with the host prior to travel](#).

BY TRAIN

Cambridge (many connections) approximately 10 miles/16 km

Audley End (London - Liverpool Street) approximately 10 miles/16 km

Whittlesford Parkway (London – Liverpool Street) approximately 2 miles/3 km

CYCLE

Granta Park is connected to Whittlesford Parkway rail station via a cycle route - about 2 miles
