Building on the successful Boston Bootcamp in April, and a growing collaboration with the RESI conference delivered by Life Science Nation, One Nucleus continues to explore new mechanisms to bring members together with suitable investors and partners. Two such initiatives under consideration are detailed below:

UK AT BIOTECH WEEK BOSTON

23 - 27 SEPTEMBER 2024

- ◆ UK Pitching Day, 24 September - applicant companies selected by a joint MA-UK panel of experts
- ◆ 30% discount for One Nucleus members to attend the BioProcess International conference
- ◆ Discounted rates to attend RESI (or join virtually)
- ◆ Networking session with Boston Bio Brits
- ◆ Additional insight and networking sessions
- ◆ Attendance at the World Medical Innovation Forum at Mass General Brigham
- ◆ Support from Travel Counsellors.

RESI AT GENESIS

4 DECEMBER 2024

- ◆ Genesis providing keynote programme, exhibition, networking and conference app interaction
- ◆ RESI providing early-stage focussed investment and 1-2-1 meetings focussed on Drugs, Devices, Diagnostics and Digital Health
- ◆ Co-located to enable movement between both events
- ◆ Options for individual or combination tickets to attend one or both events
